1. References (a) through (f) establish mandatory accreditation requirements for information processing equipment. Reference (e) provides guidance and procedures for conducting the information assurance certification and accreditation process on DON Automated Information Systems (AISs). Based upon a review of reference (g), PERSNET meets all the requirements for an IATO.

2. In accordance with references (a) through (f), PERSNET systems located in Millington, TN and Washington, D.C. are hereby granted an IATO for the information processing in the system high mode of operation at the unclassified but sensitive level of classification. This IATO is valid for 1 year or until approved changes to reference (g) are verified.

3. Questions may be addressed to the BUPERS Information Assurance Officer (IAO)/Information System Security Manager (ISSM) at (Comm) (901) 874-4942.
